

Low Carbon Buildings Programme Phase II

Website	http://www.lowcarbonbuildingsphase2.org.uk/					
Available to	Public sector, community groups and charitable organizations (not for profit) located within England, Wales, Northern Ireland or Scotland (excluding the Isle of Man and the Channel Islands)					
Eligible technologies	Technology:	Grant aid available:	Product accreditation required:	Max. grant per site:		
	Solar Thermal Hot Water	50% of relevant costs	European Solar Keymark	£200,000		
	Ground Source Heat Pump	50% of relevant costs	MCS (0-45kW), ETL (45-300kW)			
	Air Source Heat Pump	50% of relevant costs	MCS (0-45kW), ETL (45-300kW)			
	Wood Boiler	50% of relevant costs	MCS (0-45kW), ETL (45-300kW)			
	Solar PV	<i>CLOSED</i>				
	Wind Turbine	<i>CLOSED</i>				
	Hydro	<i>CLOSED</i>				
Relevant costs	<p>Full details in section 2.2 of http://www.lowcarbonbuildingsphase2.org.uk/filelibrary/LCBP2E/LCBP2E_Guidance_Notes_new_v1.0.pdf</p> <table style="width: 100%; border: none;"> <tr> <td style="width: 50%; vertical-align: top;"> <p><u>Includes (general)</u></p> <ul style="list-style-type: none"> - Installation costs for the technology including excavation, trench work, heat source, fixing of panels, fuel delivery mechanism etc. - Connection to heat distribution and electrical distribution system </td> <td style="width: 50%; vertical-align: top;"> <p><u>Excludes (general)</u></p> <ul style="list-style-type: none"> - VAT - Hot water cylinders (except solar) - Heat distribution system - Extended warranties </td> </tr> </table>				<p><u>Includes (general)</u></p> <ul style="list-style-type: none"> - Installation costs for the technology including excavation, trench work, heat source, fixing of panels, fuel delivery mechanism etc. - Connection to heat distribution and electrical distribution system 	<p><u>Excludes (general)</u></p> <ul style="list-style-type: none"> - VAT - Hot water cylinders (except solar) - Heat distribution system - Extended warranties
<p><u>Includes (general)</u></p> <ul style="list-style-type: none"> - Installation costs for the technology including excavation, trench work, heat source, fixing of panels, fuel delivery mechanism etc. - Connection to heat distribution and electrical distribution system 	<p><u>Excludes (general)</u></p> <ul style="list-style-type: none"> - VAT - Hot water cylinders (except solar) - Heat distribution system - Extended warranties 					
Other requirements	<ul style="list-style-type: none"> - MCS certified installer - Scheme conditions at http://www.lowcarbonbuildingsphase2.org.uk/filelibrary/LCBP2E/LCBP2E_Scheme_Conditions_new_v1.0.pdf - Planning permission (if required) 					
Application process	<ul style="list-style-type: none"> - Online application at http://www.lowcarbonbuildingsphase2.org.uk/page.jsp?id=24 or paper application - <u>You must receive your approval letter before work begins on site</u> 					
Notes	<ul style="list-style-type: none"> - Scheme is closing on 1st April 2011 - Grants must be claimed before February 2011 - Funding may be received for 3 separate technologies for one building - Grants are issued on a first come first served basis, as long as funding is available - All grants for electricity generating technologies were finished on 3rd February 2010 - Not available in addition to other government grants
